## about S4 studio

The S4 Studio was founded by Award winning UK photographer Simeon Thaw. S4 Studio & Creative lounge is an independent business located in Digbeth, Birmingham City Centre.

Our approach to photography and digital art is one of open mindedness, ambition, innovation, positive energy and courageous creative risk-taking.

We take great pride in being diverse and having the ability to adapt ourselves and our ideas to suit our clients' needs. Creators of original and distinctive work, befitting of each of our unique clients.

We work with small and large budgets alike, exceptional client service and good communication is always a must.

Working at the highest level of digital imagery the S4 Studio creative team are a very talented collective who have a strong trust in each others skills and abilities.

Over the years the S4 team has worked together on a wide range of project's, productions and genres, that have taken them all over the country. A creative bond has been formed, as a team they inspire and push each other to achieve and reach new creative heights.

**Simeon Thaw**  
**Director of S4 Studio**

## locate us

S4 Studio & Creative lounge is situated on Charles Henry Street. Based in Digbeth we are one of Birmingham's largest commercial studios.

Located approximately 1 mile south east of Birmingham City Centre. Selfridges and the Bullring are within close range.

We are within easy reach of both New Street and Moor Street train stations; Digbeth coach station is also near by. We are close to the middle ring road system (A4540), which offers easy access to outlying areas.

Free parking is also available locally

Our open times are 10am - 9.00pm

94-97 Charles Henry St  
Birmingham  
B12 0SJ

## cake smash

What a crazy idea to take a perfectly beautiful cake and take photos of your child making a big mess — but the adorable and memorable results speak for themselves with the S4 Studio cake smash photos! The cake smash photoshoot trend is sweeping the United Kingdom by storm, it is not surprising as it is so much fun for everyone involved.

While first birthday cake smash photography is the most popular birthday to commemorate, S4 Studio are happy to work with children of all ages to celebrate their birthday milestones with cake smash photos.

This fun filled session includes formal portraits done first. Before your baby gets messy with cake, cream and icing, lets get some cute shots using some of our adorable props. After formal portraits are done, its time to get changed into their cake smash outfit!

We supply the balloons and adorable atmosphere, you can supply the cake or you can use the expert cake maker that we highly recommend 'The electable dining'. Now - lets get messy!

## usb flash drives

The S4 USB flash drive and gift box is an elegant keepsake of your treasured S4 Studio portrait experiences, while also providing a unique opportunity to personalise this classy product.

The beautiful varnished high-quality box is made from sturdy natural wood which comes with a sliding lid and has a half moon crescent for easy opening. To complete the effect, the front of the USB box can be laser engraved with your family surname.

The inside of the USB Photo box is partitioned into two compartments: one holds your personalised wooden USB drive nestled in wood wool to protect it from damage. While the other can hold 30 6" x 4" photographs tied with a stylish and practical brown ribbon: the ribbon is secured to the base of the box and offset so that the photographs can be easily lifted out.

Whether used to hold photographs from a special event, wedding or of a newborn, the USB Photo box is a timeless memento of treasured moments. The overall affect is innovative and unique, taking standard USB packaging to a whole new level of quality and elegance.

# weddings

Our ethos to wedding photography is simple: we believe it is telling a story on your wedding day. It is your story and we aim to capture that through the lens of our camera.

We take great pride in immortalising the essence of your special day. We do this by capturing the laughter, the tears, the natural expressions, the embraces, the relationships and the overall joy of the occasion. It's these emotions that will tell the true story of your wedding.
